
SPA PHILOSOPHY

Castello del Nero welcomes you to our Spa of refined relaxation where contemporary design merges seamlessly with elegant Florentine tradition. Journey through natural wood, smooth glass and cool stone to our cocooning treatment rooms, where each ESPA Treatment fuses advanced techniques with ancient therapies to deliver the best bespoke therapeutic experiences in the world. Aromatic and pure essential oils work in harmony with powerful plant extracts and deeply nourishing marine elements, to create a collection of treatments and products that are both efficacious and luxurious.

Ease into tranquility in the soothing relaxation room and gaze out at the Tuscan rolling hills and valleys below. Refresh and revitalise in our outdoor Vitality Pool overlooking fertile vineyards and olive groves. A state-of-the-art Spa that emerges sensitively from its noble 12th century heritage, ESPA at Castello del Nero embodies restoration - of mind, body and spirit.

ESPA SIGNATURE TREATMENTS

Using the finest natural and indigenous ingredients, grown and harvested with care at Castello del Nero these Signature Treatments have been designed to evoke a true feeling of Tuscany while generating outstanding results for Mind and Body. Each Signature Treatment uses pure, rich, *cold-pressed* Extra Virgin Olive Oil, rich in natural anti-oxidants and prepared from olives grown and harvested at Castello del Nero.

Castello del Nero Relaxation Ritual 1 Hour 50 Minutes

Beginning with a relaxing foot ritual, this Signature Treatment combines the natural 'anti-oxidant' benefits of our Extra Virgin Olive Oil with Mineral Sea Salts for a full body exfoliation to smooth and soften the skin. Local Tuscan Lavender is infused in warmed Olive Oil for the sophisticated Balinese-influenced Massage, which involves long, soothing, stretching movements to evoke deep relaxation and to calm mind and body. Soothing, relaxing and totally indulgent.

Olive Oil and Pink Clay Oriental Inspired Head Massage 40 Minutes

Fusing a blend of anti-oxidant rich Tuscan Extra Virgin Olive Oil and the ultimate conditioning properties of ESPA Pink Hair and Scalp Mud, this extremely revitalizing treatment uses energy acupressure points to effect deep relaxation over the whole body, release tension and bring ultimate condition to hair and scalp. A cleansing foot ritual and acupressure point massage to the feet and lower legs begins this deeply calming and energy balancing treatment.

Sea Salt and Tuscan Rosemary Body Exfoliation 25 Minutes

Sun-dried Sea Salt and Tuscan Blue Rosemary combine with Extra Virgin Olive Oil to provide this skin softening, nourishing and conditioning body treatment. As the Sea Salt gently removes dry and dead cells, the infused Olive Oil and Rosemary help to retain a layer of natural moisture on the skin to protect and prevent dehydration.

ESPA TIME

Retreat from a world of decision making to one where all the decisions are made for you. TIME at ESPA is waiting for you. All you have to do is reserve the TIME with our outstanding, fully qualified and ESPA-trained Therapists and they will do the rest. Let us analyse your skin; understand your current state of mind, spirit and well-being and we will prescribe a treatment programme just for you. The treatments reflect ancient traditions and contemporary techniques, influenced by Chinese, European and Balinese cultures.

Let your imagination run free and side step the obvious choice of always having a massage. Indulge in a new treatment experience of advanced facials, which help to reduce fine lines, de-stress and calm your over-active mind. Give into envelopments and wraps with Oshadi Clay, or Marine Algae and Mud; relax and enjoy de-stressing with a Hot Volcanic Stones Massage and free up your mind with a traditional Oriental Head Massage.

ESPA TIME can be reserved for a minimum of 2 Hours of treatment.

55 Minutes

Re-Hydrator Ideal for dry, dehydrated skin requiring hydration and moisture, an excellent regenerating boost for normal and dry skins. This facial leaves the skin smooth, soft, supple and nourished.

Oil Controller Ideal for oily, congested, problematic skin or those suffering from hormonal imbalance. De-Sensitiser A specifically gentle facial for truly sensitive, fragile skins prone to redness and irritation. Soothing, de-sensitising natural plant extracts and aromatherapy oils such as Chamomile and Benzoin are used to gently cleanse, nourish and hydrate delicate skins helping to reduce sensitivity and to calm high colour, leaving the skin nourished and comfortable.

ESPA HOT STONE THERAPY

1 Hour 50 Minutes

Used for thousands of years for harmonising, cleansing and relaxing the body at its deepest level, ESPA has developed a range of new contemporary treatments utilizing this ancient method. Volcanic in origin, Basalt Lava Stones, rich in minerals from deep in the earth are heated and used for deep body massage and intensive energy work.

Chakra Balancing with Hot Stones Chakras are the seven subtle energy centres in the body which affect our equilibrium and inner harmony and through which one's life force energy flows. Recognised in both Ayurvedic and Chinese philosophies blocked and congested Chakras can affect the body and mind both emotionally and physically, stifling energy and reducing the lust for life. Chakra Balancing begins with a full body exfoliation followed by a specific body massage with ESPA blended aromatherapy oils using volcanic hot stones. Stones are carefully placed on specific Chakras and at vital energy points on hands and feet for balance and grounding. Gentle stretching helps release deep-seated tension around neck and shoulders as hot stones are positioned along the spine. Critical tension points are massaged around the eyes and ears, before an acupuncture head massage is given to calm and soothe the mind and spirit. Total calm, quiet energy and a rejuvenated sense of equilibrium prevail.

Placed on specific energy points or Chakras they can help clear blocked energy flow, aid relaxation and dissolve stress, bringing new energy to depleted zones.

Holistic Back, Face and Scalp Massage with Hot Stones An all-embracing treatment incorporating a full ESPA Intensive Facial, with acupressure, face and head massage. The initial, deep cleansing back exfoliation is followed by the Hot Stone Back Massage with aromatic ESPA Oils bringing powerful de-stressing benefits to mind and body. Hot stones are placed along the spine, shoulders and neck to stimulate and balance vital energy points throughout this exceptional treatment.

The Intensive Facial and Oriental Head Massage that follow help clear the mind; calm the spirit and ease facial tension. The result is re-hydrated, nourished and protected skin, a cleansed and powerfully massaged back and a sense of deep relaxation.

ESPA ULTIMATE BODY ENVELOPMENTS

55 Minutes

Not just a body wrap but also a life enhancing experience which includes skin brushing, body exfoliation, a full body application of specific aromatherapy oils before the complete enveloping body wrap of Algae, Marine Mud or Oshadi Clay. Ultimate tranquility is achieved with a mind calming Oriental Head Massage.

Body Toner The Body Toner is a luxurious way to help restore skin tonicity, ideal after weight loss or pregnancy; deeply nurturing and moisturising, this wrap leaves the skin smooth, toned and nourished.

Immune Booster Perfect to help combat the effects of environmental pollution, air travel and congested city life. An excellent system balancer before sleeping. Ideal when resistance is low.

The body wrap is designed to comfortably raise the temperature to help eliminate toxins and increase the effects and the absorption of the oils and the wrap.

This sophisticated menu of individual wraps uses a choice of warmed Marine Algae, Marine Mud, or Oshadi Clay combined with essential oils, blended to meet your specific needs.

Energy Booster The systemic cleansing of Marine Algae combines perfectly with the refreshing uplifting blends of essential oils to re-establish a sense of well-being and inspired energy.

Jet Lag Eliminator When long haul travel leaves you not knowing what time of day it is, this wrap uses powerful aromatherapy oils to either soothe and relax ready for sleep, or revitalise and energise leaving the mind clear and fresh to enjoy the day.

- **Marine Algae** is known for its hydrating, detoxifying properties and is particularly beneficial when needing to speed up the elimination of toxins prior to the absorption of essential oils and plant extracts.

- **Oshadi Clay** is mixed with ginger, liquorice and mustard seed which warms and hydrates the skin, beneficial for aching muscles and joints and adds extra heat to the treatment.
